1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 9 is rejected under 35 U.S.C. 102(b) as being clearly anticipated by Cotutsca '123 or Kappel et al. '425.

Note, that each outer width slot of Cotutsca or Kappel et al. includes two outer walls, and the indented slots are positioned away from "an" outer wall, as is recited in applicant's claim 9.

3. Claims 24 and 29 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claims 24 and 29, the recitation that there is a "disk storage location on a reverse side of said outer width slot" is not understood. It appears that it would be more accurate to recite that the disk storage location is positioned on a reverse side of the mailer, opposite the side in which the outer width slot is located.

4. Claims 14, 15, 19, 23, 28, and 30-31 are allowed.

5. Claims 24 and 29 are would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
